About PBFIA

About

The Plant Based Foods Industry Association (PBFIA) is set to expedite the advancement of the plant-based sector in India. Our work focuses to provide a level playing field, growth escalation, recognition and linkages in the world by driving understanding amongst policy makers, academia, food producers, consumers, farmers and allied communities.

Vision

Develop an industry for plant-based foods that is robust, expanding, and satisfies consumer demand. Encourage the food system to change in support of regeneration, boost farmers' income, contribute to better health, and generate income.

Mission

NETWORK WITH THE INDUSTRY:

Connect with organisations, food businesses, investors & consumers. Support in eliminating the industry bottlenecks.

ADVOCATE FOR POLICY CHANGES:

Prevention of barriers from being erected against the plant-based industry by advocating for policy changes with the government.

POSITION MEMBERS AS THE CHANGE:

Work actively with the media to promote the members as the agents of change in the country.

SHARE AND GAIN EXPERTISE:

Provide support, networking, collaboration, and dissemination of technical and market information.

4th Plant Based Foods Summit

March 10 | Bharat Mandapam, New Delhi

Key Highlights

- The Summit, organised by the Plant Based Foods Industry Association, under the theme **“Rooted in Tradition, Engineered for Tomorrow.”**
- Supported by leading institutions including **Ministry of Food Processing Industries, Ministry of Micro, Small and Medium Enterprises, Food Safety and Standards Authority of India, Agricultural and Processed Food Products Export Development Authority, India Trade Promotion Organisation, and Food and Agriculture Organization**, the Summit brought together key national and international stakeholders.
- The Summit featured **panel discussions, industry presentations, culinary masterclasses, and product showcases** in dairy & meat alternatives, and functional ingredients.
- Speaking on the occasion, Praveer Srivastava highlighted **India’s potential to become a global hub** for plant-based foods driven by strong agriculture, innovation, and rising consumer demand.
- Discussions reinforced the importance of **policy support, technology adoption, and global partnerships** to build resilient, sustainable food systems.

4th Plant Based Foods Summit

Inaugural Session | March 10 | Bharat Mandapam, New Delhi

Inaugural Session By Ministry and Government Officials and Foreign Representatives in India

Distinguished speakers at the Inaugural included:

- Rajit Punhani, CEO, FSSAI – emphasised regulatory clarity and food safety
- Dr R.K. Srivastava – highlighted sustainable diets and public health
- Dr D.C. Jain – focused on nutrition-led innovation
- Dr Ashutosh A. Murkute – spoke on MSME and startup opportunities
- Takayuki Hagiwara – addressed global food systems and sustainability
- Volker Klima – highlighted Indo-German collaboration
- Scott Matthies – shared insights on global plant protein supply chains
- Prof. V. Palanimuthu – emphasised R&D and academic integration
- Kamal Kant Pant – highlighted culinary innovation and HoReCa adoption

Report Launch Gen Z and the Plant-Powered Plate: Trends & Insights Collaborated by PBFIA with Ipsos

Report Launch: India as a Global Manufacturing Hub for Smart Protein Processing Equipment by GFI India with NIFTEM-Thanjavur

4th Plant Based Foods Summit

Expert Panel Session | March 10 | Bharat Mandapam, New Delhi

Panel: Sustainable & Regenerative Agriculture for a Future-Ready India: Strengthening Cultivation of Protein Rich Crops, Plant Protein Clusters, and Doubling Farmer Incomes through Plant-Based Innovation

The discussion emphasised strengthening the cultivation of protein-rich crops through sustainable practices and integrated value chains to enhance farmer incomes and build a resilient, future-ready agricultural ecosystem.

Gen Z and the Plant-Based Revolution: Unpacking Health & Nutrition, Myths and Market Trends/ Taste Expectations and Innovations

The discussion highlighted evolving Gen Z preferences, addressing nutrition myths, and the growing importance of taste, innovation, and transparency in driving plant-based adoption.

Smart Solutions and Digital Advances in India's Plant-Based Food Sector

The discussion focused on leveraging digital technologies, smart manufacturing, and data-driven solutions to enhance efficiency, scalability, and transparency in India's plant-based food sector.

Women in Entrepreneurship Driving the Plant-Based Foods Movement in India

The discussion highlighted the role of women entrepreneurs in driving innovation, building purpose-led businesses, and accelerating the growth of India's plant-based food sector.

From Plate to Planet: How Plant-Based Corporate Catering Aligns with ESG Commitments

The discussion explored how plant-based corporate catering can support ESG goals by reducing environmental impact, promoting sustainable consumption, and aligning business practices with climate and health priorities.

Niche to Normal- Integrating Plant-Based Food Innovations in HoReCa

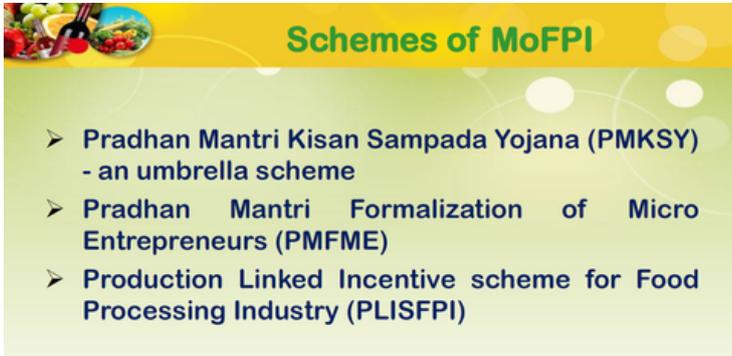

The discussion focused on scaling plant-based innovations from niche to mainstream within HoReCa by enhancing consumer acceptance, menu integration, and operational feasibility.

4th Plant Based Foods Summit

Presentations from the Ministry on Schemes, Policies and Regulations supporting the Plant Based Food Ecosystem

Presentation on Unlocking Opportunities: MoFPI Schemes and Benefits for India's Plant-Based Food Sector by J.P Dongare

Schemes of MoFPI

- Pradhan Mantri Kisan Sampada Yojana (PMKSY) - an umbrella scheme
- Pradhan Mantri Formalization of Micro Entrepreneurs (PMFME)
- Production Linked Incentive scheme for Food Processing Industry (PLISFPI)

Presentation on Entrepreneurship Unlocked: Building High-Growth Plant-Based Businesses Through MSME Schemes by Dr Ashutosh Murkute

The presentation highlighted how MSME schemes can enable plant-based startups to scale through access to finance, infrastructure, and capacity building, while fostering entrepreneurship and innovation in the sector.

Presentation by FSSAI's Role in Plant Based Industry Growth

Understanding Vegan Food Regulation of India

Food Safety and Standards Authority of India (FSSAI) gazette notified the **Food Safety and Standards (Vegan Foods) Regulations, 2022** on June 10, 2022. These regulations came into effect on **January 26, 2023** and published guidelines for submission of application on 24.02.2024 under it.

Definition of Vegan foods : food or **food ingredient** including additives, flavourings, enzymes and carriers, or processing aids that are not products of animal origin and in which, at no stage of production and processing, ingredients that are of animal origin has been used.

Overview of regulation on Vegan foods

Vegan Foods, Regulations, 2022

- General requirements,
- Labelling and display,
- Import provisions.

Guidelines dated 24.02.2024

- Form A
- Appeal mechanism
- FoSCoS: Manual for Vegan Logo Endorsement
- Import Format

Brief of General requirements and Guidelines

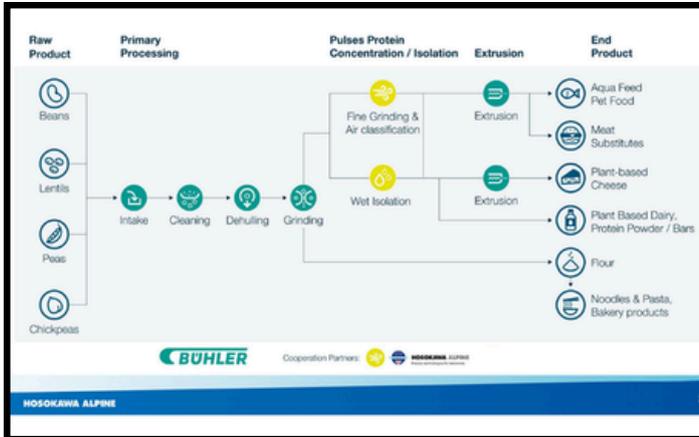

- No person shall **Manufacture** **Pack** **Sell** **Offer for sale** **Market** **Otherwise distribute** **Import**
- Vegan foods shall not have involved animal testing unless provided by any regulatory authority.
- FBO shall submit an online application in FORM-A as per above guidelines on vegan-foods@fssai.gov.in
- Applicable fee payment of Rs. 10,000/- (excluding GST) per application irrespective of number of products through online e-payment
- Considering the critical nature of Vegan foods, India is the only country to regulate the domestic market of Vegan Foods for its consumers.

4th Plant Based Foods Summit

Presentations from the Sponsoring Companies

Presentation on New Opportunities in Dry Fractionation Process Technology by Hosokawa Alpine

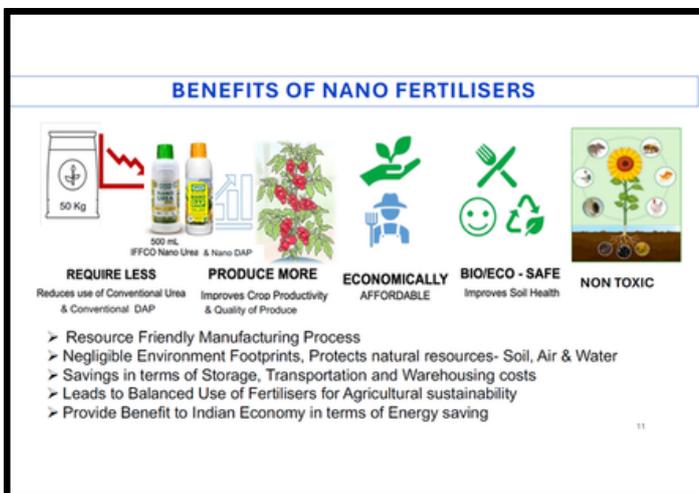

Presentation on Powering Plant Based Living by Apex Coco and Solar Energy Limited

Keynote Address from the Organisation/ Institutes

Address by Dr. Tarunendu Singh, Indian Farmers Fertiliser Cooperative Ltd. (IFFCO) on Sustainable Farming

4th Plant Based Foods Summit

Keynote Address from the Organisation/ Institutes

Presentation by Dr. DD Wadikar, Defence Institute of Bio-defence Technologies (DIBT), Mysore, DRDO on Plant-Based Meat Alternatives

WHY ALTERNATE PROTEINS ?

- To meet global meat demand; increasing by 50% by 2050.
- Enhanced/ trending popularity of vegetarianism in Services
- Concern about rising meat prices
- Animal agriculture contributes substantially to climate change
- Sustainable food system.
- Plant proteins use 47-99% lesser land than conventional meat
- Plant proteins emits 30-90% less greenhouse gas.

The production of 1 kg of chicken meat generates 1.1 kg CO₂ equivalents, pork (3.8 kg CO₂ equivalents) and beef (14.8 kg CO₂ equivalents).

"We have pushed animals to their biological limits."

Presentation by Dr. Dev Kumar Yadav, Defence Institute of Bio-defence Technologies (DIBT), Mysore, DRDO on Plant-Based Dairy Alternatives

Comparative Technical Profile of Plant-Based Milks					
Parameter	Soy Milk	Almond Milk	Coconut Milk	Oat Milk	Pulse-Based Milk (Pea/Chickpea)
Protein (%)	3-4%	0.5-1.5%	1-2%	1-1.5%	3-8%
Fat (%)	1.5-2.5%	2-3%	15-20% (high fat)	1-2%	1-3%
Carbohydrates (%)	2-3%	1-2%	2-3%	6-8%	3-5%
Energy (kcal/100 ml)	40-60	30-50	150-200	50-70	50-80
Major Nutrients	High quality protein, isoflavones	Vitamin E	Medium chain triglycerides	Beta-glucan	High protein
Lactose	Absent	Absent	Absent	Absent	Absent
Digestibility	Good	Moderate	Moderate	Good	Very good
Allergenicity	Possible (soy allergen)	Nut allergen	Rare	Low	Low
Shelf-life potential	High (UHT)	High (UHT)	Moderate	High	High

Presentation by Dr. Supreet Kaur, Global Alliance for Improved Nutrition (GAIN) on India's Journey Towards Food Systems Transformation and the Role of Plant Based Foods

BENEFITS OF NANO FERTILISERS

50 Kg (500 mL IFFCO Nano Urea & Nano DAP)

- REQUIRE LESS**: Reduces use of Conventional Urea & Conventional DAP
- PRODUCE MORE**: Improves Crop Productivity & Quality of Produce
- ECONOMICALLY AFFORDABLE**
- BIO/ECO- SAFE**: Improves Soil Health
- NON TOXIC**

- Resource Friendly Manufacturing Process
- Negligible Environment Footprints, Protects natural resources- Soil, Air & Water
- Savings in terms of Storage, Transportation and Warehousing costs
- Leads to Balanced Use of Fertilisers for Agricultural sustainability
- Provide Benefit to Indian Economy in terms of Energy saving

Awards Gallery

The **PBFIA (Plant-Based Foods Industry Association)** Awards held during the India Plant Based Foods Show celebrated outstanding contributions to the plant-based food industry. Recognizing innovation, sustainability, and excellence, the awards highlighted key players who are driving growth and transformation in the sector. The ceremony was a key moment in the event, fostering recognition and inspiring further development within the plant-based food community.

40th AAHAR- The International Food & Hospitality Fair

March 10-14 | Bharat Mandapam, New Delhi

The 40th edition of AAHAR - The International Food & Hospitality Fair, organised by the Ministry of Food Processing Industries and India Trade Promotion Organisation, featured a dedicated plant-based showcase within the Agricultural and Processed Food Products Export Development Authority Pavilion.

APEDA allocated the space and designed customised thematic flooring, while Plant Based Foods Industry Association curated and visually merchandised the stalls. The result was a compact, high-impact showcase highlighting diverse plant-based categories and offering an engaging, future-forward visitor experience.

Plant Based Foods Arena

March 10 | Bharat Mandapam, New Delhi

The Plant Based Foods Industry Association (PBFIA) successfully organised the Plant Based Foods Arena which served as a dynamic platform to showcase innovation, foster industry collaboration, and promote awareness around plant-based food solutions. **The event was inaugurated by Shri. Rajit Punhani, CEO, FSSAI, in the presence of senior officials from MoFPI, FSSAI and representatives from FAO,** marking a significant step towards strengthening the plant-based ecosystem in India.

These participants showcased innovative products, technologies, and solutions, contributing to meaningful engagement with stakeholders, industry experts, and visitors. The Plant Based Foods Arena played a pivotal role in highlighting the growing momentum of the future-forward food systems.
